EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Butchko on 5/10/2005.

The application has been amended as follows:

Claim 1, line 1, --mounting-- is inserted after "for";

Claim 1, line 4, --mutually inclined contoured-- is inserted after "of";

Claim 5, line 5, --mutually inclined contoured-- is inserted after "of";

Claim 16, line 1, "14" is changed to --15--;

Claim 17, line 4, --mutually inclined contoured-- is inserted after "of".

2. The following is an examiner's statement of reasons for allowance: The references of record to Yamazaki, Bashford et al., and Traister et al. all have an extended mounting surface at the latch interface for mounting the reinforcement member, but lack the newly claimed detail to the mutually inclined mounting surfaces and the plurality of positions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
